# Refugees are ordinary people trying to cope with extraordinary hardship

We're in Hong Kong because we faced persecution, torture and violence in our home countries.

Imagine having to leave your home and loved ones to escape for your life. It's a terrible choice that's never made lightly!

## Surrounded by wealth yet trapped in poverty

Refugees in HK are **prohibited by law from working**. Those caught are routinely sentenced to 15 months imprisonment.

The government provides us with **\$3200 per month in assistance**. That's \$1500 rent, \$1200 food coupons, \$300 utilities, \$200 transport.

These amounts haven't been adjusted with inflation since 2014.

There is **no provision for essentials** like clothing, personal care, baby products, telecoms we need to function in modern society.

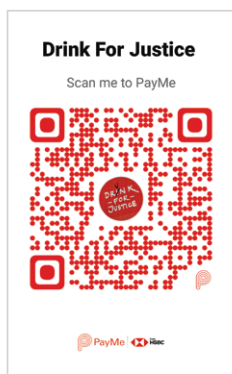

We **can't even open a bank account** to accept donations because Refugee Union is a refugee-led society and we don't have ID cards.
